

# 2020-2021 Hispanic Neuropsychological Society Mentoring Program Application

Thank you for your interest in the Mentoring Program sponsored by the HNS Mentoring and Education Committee. The main goal of the HNS Mentoring Program is to facilitate the development of both emerging neuropsychologists as well as astute clinicians and researchers who work with Hispanic/Latinx and other diverse populations. The HNS Mentoring Program is designed to address the needs of various levels of trainees and professionals in neuropsychology.

Interested applicants can apply BOTH as a mentor and mentee, as well as ONLY as a mentee and ONLY as a mentor. Once your application is submitted, you WILL be paired with someone who can mentor you in your one particular goal within your area of interest (i.e., professional development, clinical, research, cultural competence). We ask you to be specific in the goal (as a mentee and as a mentor) you'd like to accomplish this year to ensure a good mentor-mentee pair fit.

## **Program Structure:**

This HNS Mentoring Program is a 1 year (12-month) program. Interested mentors and mentees will complete the HNS Mentoring Application, and submit their current CV at the end of the application. All applications should be completed by **Saturday, October 31, 2020**.

The HNS Mentoring Committee will review applications and match potential mentor/mentee pairs based on your stated interests/preferences, and specific goals for the mentoring year. The more detailed information you choose to provide will assist us in making the best possible match. Even though all efforts will be made to match mentees with compatible mentors, no assurance can be made to match mentees with specific mentors. Mentees will be contacted by the Coordinator via e-mail no later than **November 15, 2020**, with the name of their assigned mentor and/or mentee. Only your name and e-mail address will be provided to your mentor/mentee at the time of the match. At that time, mentees and mentors are asked to schedule a meeting (via phone or Zoom) to discuss the nature of the mentoring relationship, discuss the mentoring goal, and the mentoring contract. Mentor-mentee pairs will have two weeks to reflect on moving forward with the mentoring pair and submit their signed (e-signed) commitment via the HNS Mentoring Contract Google document. The mentor-mentee pair will contact the Mentoring and Education Committee ([mentor@hnps.org](mailto:mentor@hnps.org)) within those two weeks to request a different mentorship pair.

For more information or queries, please contact our HNS Mentoring Program via [mentor@hnps.org](mailto:mentor@hnps.org). You will also receive a welcome message upon receipt of your application. This message includes a video detailing the mentoring program and its three components (one-on-one mentoring, peer-to-peer mentoring, and virtual continuing education).
